Danielle:

Just in case you're planning to listen and want to see the list of tasks I sent them.

Eric

**Subject:** Tetra Tech Support

Hi Damien:

Attached is my request to Tetra Tech for technical assistance related to 316 (a) and (b) of the Merrimack Station permit.

I've included my request, which you can edit as needed to make it sound more like contract tasks. Also included are two Excel files, and a PDF of the comments Normandeau submitted to us.

The Excel files are explained in my request.

Let me know if you have any questions, or if you think something needs to be explained better, or not included.

Thanks.

Eric
